

UNIVERSITAS AIRLANGGA
Excellence with Morality

Profile of Universitas Airlangga

Established on 10 November 1954, Universitas Airlangga (UNAIR) currently has 13 faculties and one school of postgraduate, ranging from basic sciences, medicine, and social sciences. Its vision is to become an independent and innovative university regionally and globally, a forerunner of science development, technology, humanities and arts based on excellent morality and religions.

For many years, as an institution of higher education, Universitas Airlangga has always tried to improve the quality of its education and the supporting facilities in order to achieve Universitas Airlangga's vision to produce the best graduates who are not excellent in academics but also have good morality. Universitas Airlangga has 3 campuses which are located in three strategic locations in Surabaya, Indonesia.

Campus A, which consists of Faculty of Medicine and Faculty of Dentistry, has arrays of beautiful Dutch-built buildings and located right in front of the provincial hospital, Dr.Sutomo Hospital.

Campus B mainly consists of social science-based faculties, such as Faculty of Law, Faculty of Economics and Business, Faculty of Social and Political Sciences, Faculty of Psychology, and Faculty of Humanities. It also has one life-science faculty, the Faculty of Pharmacy. On Campus B, there are several main institutional support system/units for the university, which are the Central Library, Post Graduate Programs, and Center for Health Care.

Campus C, the latest development of Universitas Airlangga's site, is where the University Management Office is located, along with some life-science faculties such as Faculty of Veterinary Medicine, Faculty of Science and Technology, Faculty of Public Health, Faculty of Fisheries and Marine, Faculty of Nursing, and several centers, such as Institute of Tropical Disease, Planning and Development Board, Research and Community Service Institute, Internal Auditor Committee, Airlangga University Press, and the INTERNATIONAL OFFICE and PARTNERSHIP (IOP).

30
Scholarships

tuition fee waiver and living allowance for each international student taking this special program.

Welcome to Surabaya, Indonesia!

Indonesia is an archipelagic country stretched across the equator, with biodiversity in natural resources, both its flora and fauna. Among the countries which have the largest number of population, Indonesia has a dynamic economy, diverse cultures, and robust society.

Universitas Airlangga, as one of the highly reputable public universities in Indonesia, is located in Surabaya, the biggest city in the eastern part of Indonesia. Surabaya is the commercial and administrative capital city of East Java Province; a thriving business and industrial center and the province's main port.

Surabaya is well known as the city of hero, and strategically is located right in the center of Indonesia. Travelling from Surabaya, which has an international airport, is very convenient since there are many cities and breath-taking beautiful tourist destinations that can be reached easily from Surabaya such as Mt. Bromo, Yogyakarta, Lombok and Bali.

AMERTA calls outstanding students to experience an Indonesian diverse culture and a local East Java atmosphere to study for one or two semesters. This program is available for international students who are interested in a number of uniquely Indonesian perspective subjects in social and cultural aspects, economics, natural sciences, and health/life sciences. Inaugurated in 2014, it was successfully conducted for its first batch. All courses are fully delivered in English, and students are complementarily provided with Indonesian language learning and cultural trips during the programs. Field studies are compulsory in some courses to integrate theoretical perspectives into practice.

AMERTA focuses on the current issues of Indonesia as a developing country in the dynamic nature of globalization through the perspective of natural, health and social sciences. For natural and health sciences, they provide the wide array of knowledge about Indonesian biodiversity in flora and fauna, the dynamics of tropical medicine, and community empowerment in health. While with social sciences, they offer the dynamics of Indonesian urban culture, creative economy, and society as the sectors that both benefit and suffer from the impact of globalization.

POPULAR COURSES

We offer more than 60 courses all year long, but normally run around 15 classes every semester. These are some of our top-notch courses:

No.	Name of Courses	Course Description
Faculty of Pharmacy		
1.	Indonesian Traditional Medicine 4 credit units <i>offered in semester 1 & 2</i>	The course is designed to give general and detail overview on Indonesian Traditional Medicine or Jamu. Lecturers: Prof. Dr. Mangestuti Agil, MS., Apt. ; Prof. Dr. Bambang Prajogo, MS., Apt. ; Dr. Wiwied Ekasari, MS, Apt.
Faculty of Humanities		
2.	Youth Culture 4 credit units <i>offered in semester 1 & 2</i>	This subjects discusses youth identity, youth and religion, youth and closeness to media and so son. It is expected that students can critically read and examine the cultures of young people around them and how these cultures are influential for the young to identify themselves. Lecturer: Diah Arimbi, Ph.D
Faculty of Law		
3.	Nuclear Law 4 credit units <i>offered in semester 1</i>	International society today unequivocally admits that the world needs nuclear technology to build a better future. Nuclear is no longer used for non-peaceful purpose but it is more needed for peaceful purpose, such as energy, medical, industry, mining or research development. However since the characteristic of Nuclear is sensitive, it needs a rigid regulation to be implied in order to protect either the society or the technology itself. Lecturer: Dr. Intan Soeparna
Faculty of Psychology		
4.	Social Interaction 6 credit units <i>offered in semester 1</i>	This course aims to enhance student understanding about the basic concept and theories of social psychology related to social processes in human interaction. Students will be introduced to various concepts and theories related to human interaction such as pro-social behaviour, attraction, close relationship, prejudice, discrimination, and aggression behaviour. Students will explore the function of language and communication process in human relations. In addition, this course introduces students on contemporary issues in social psychology research related to epistemological issues in studies of social psychology. Lecturer: Margaretha, S. Psi, P.G, Dip, Psych, M.Sc.

- Candidates may enroll courses in any faculty (regardless of their original majors & meeting the course requirements)

Testimonials

"If you are a business student, Surabaya is a perfect city, a growing and developing city, to live and observe. AMERTA has an easy transferable credit system, and the most important thing is a very reachable team from IOP."

- Khalid M. Mawad, Martin Luther Universitat,
Halle Wittenberg, Germany

"I am so grateful experiencing AMERTA. We've been exposed to Indonesian cultures through various events and trips throughout the semester. IOP team has made the transition of living in another country much easier."

- Nur Izzati Mataram, Universiti Brunei Darussalam
Brunei Darussalam

"One of the best things I get from AMERTA is I learned lots of stuffs. I also love the food, the people in Surabaya, and AMERTA is *one hell of a ride!*"

- Ikhwan Busairi Salleh, Universiti Brunei Darussalam,
Brunei Darussalam
