

## Call for Papers

# THE 2<sup>ND</sup> ASEAN-KOREA

# Academic Essay Contest

## THEME

(Select one of the following three themes)

### 1. 50 Years of ASEAN and the Prospects for Multilateralism

Celebrating its 50th anniversary, ASEAN has been a successful model of regional integration and is at the heart of multilateralism. In the recent years, however, the international community has witnessed a trend against multilateralism through Brexit, America's withdrawals from TPP and Paris Climate Accord. How can we assess ASEAN's achievements and how will ASEAN navigate through the changing international dynamics?

### 2. ASEAN and Korea 4.0: Adapting Digital Economy

The world is seeing the realization of the Fourth Industrial Revolution. How are ASEAN and Korea adapting to the new changes in the global economy? As 2017 marks the 10th anniversary of ASEAN-ROK FTA, how can ASEAN and Korea strengthen their economic partnership in the changing economic environment?

### 3. ASEAN-Korea Educational Cooperation for Mutual Understanding

Building a true and long-lasting partnership begins from a deep mutual understanding between each other. Education serves as an effective tool to reach this goal by raising awareness and promoting deeper understanding. In what ways are ASEAN and Korea cooperating in the educational sector to promote mutual understanding? What are the difficulties, and how can they improve this cooperation to foster better understanding?

## ELIGIBILITY

The contest invites all ASEAN and Korean undergraduate and graduate students.

## LANGUAGE

English or Korean
